Objective

Motivated Software Engineering student at INES Ruhengeri with a passion for programming and software development. Currently seeking opportunities to gain hands-on experience and apply my skills in a practical setting. Proficient in various programming languages and eager to contribute to impactful projects.

Education

Bachelor of Science in Software Engineering
INES Ruhengeri, Rwanda
Expected Graduation: 2026

- Relevant coursework: Software Development, Data Structures, Algorithms, Web Development, Database Systems, Object-Oriented Programming, Mobile App Development.

Secondary Education in Software Development
COBANGA TVET, Rustibo, Rwanda
Graduated: 2021

- Focus: Software Development and Programming Languages

Skills

- **Programming Languages**: Python, Java, C++, HTML, CSS, JavaScript
- **Tools**: Visual Studio Code, Git, Eclipse, Android Studio
- **Database Management**: SQL
- **Frameworks**: React (Beginner), Django (Beginner)
- **Problem-Solving**: Data Structures, Algorithms, Object-Oriented Design
- **Languages**: English (Fluent), Kinyarwanda (Native), French (Basic)

Projects

Personal Portfolio Website

Technologies used: HTML, CSS, JavaScript

- Designed and developed a personal portfolio website to showcase projects and skills.
- Incorporated responsive design principles to ensure accessibility on various devices.

Student Management System

Technologies used: Java, MySQL

- Developed a student management system that allows users to track student data, including grades and attendance.
- Applied object-oriented programming principles to ensure code reusability and scalability.

Mobile App: To-Do List

Technologies used: Android Studio, Java

- Developed a simple mobile application for task management, allowing users to add, delete, and mark tasks as complete.
- Focused on user interface (UI) design to provide a clean and intuitive experience.

Experience

Internship in Software Development (Optional: if you have done any internship or part-time work related to software development, you can add it here)

Certifications

- **Introduction to Python Programming** – Coursera (2024)
- **Web Development Basics** – Udemy (2024)

Extracurricular Activities

- **Member, INES Ruhengeri Coding Club**
  - Participate in coding challenges and workshops to further improve my programming skills.
- **Volunteer, Rukomo Youth Tech Group**
  - Organize workshops for local students on basic coding and software development.
